ABOUT

"The Euro-school reporters" is an ambitious project set to improve our students' basic and transversal skills as well as to integrate and promote the usage of open digital resources in the daily school work.

The participating countries are: Lithuania, Slovakia, Greece and Spain. We all have primary school students that will be in charge of the main part of the activities.

- Zakladna skola
- Vilniaus Abraomo Kulviecio vidurine mokykla
- 1st Primary School of Peania

C. Priorities
Developing basic and transversal skills using innovative methods.
Enhancing digital integration in learning, teaching, training and youth work at various levels.

In order to choose the priorities of this project we considered the main difficulties and needs our schools have been facing recently.
On the one hand, we realized that our students needed to improve their basic and transversal skills (reading, writing, maths, English, ITC, entrepreneurship and team

PROJECT CORNER: GEOGRAPHY

 Diario de proyecto

 We had our first meeting in Illescas (Spain) from 26th to the 30th of October 2015. In this meeting we developed different kinds of activities:

We established the General Commission of the projet, which consists on the coordinator of each school plus a member of the management team from each school. We held several meeting in order to organize and prepare the activities that we are going to do before creating the first edition of the newspaper in February 2016. We also chose the logo of the project and the name of the newspaper. In order to do that we did a contest. Each school brought to the meeting five logos and names. We put them together and decided which ones were better.

Several educational activities were developed during the transnational meeting. Either with students or with the staff of the CEIP Clara Campoamor, the teachers from Greece, Lithuania and Slovakia could enjoy and learn from our educational system. we also exchanged teaching methodologies and approaches to education.

We also developed some cultural activities to let our guessts know a little bit of our culture, region and traditions. In addition, we had the opportunity to be greeted by the mayor of Illescas, who gave as a warm wellcome in the town council. As part of the dissemination plan, we were interviewed by the local radio "Radio Illescas" and an article of the meeting was published in the local newspaper.

After the visit we did an online questionnaire (google drive) in order to evaluate the activities. In general, the result of this questionnaire shows that either the visiting teachers, the staff of our school as well as the students were satisfied with the meeting.

- Publicado por Elvira Lopez Rivera, 27.11.2015

 After three months of hard work in the four schools, now we're making the last arrangements for our next meeting in Greece!!!

From Sunday the 31st to saturday the 6th of February we're havine our fist students exchange in Greece. four
